product:

The HITCHCRAFT® Ropetie™ comes in two sizes to use with a wide range of rope diameters.

A set can be used with one or more ropes to create tie-down solutions for an endless variety of applications. Each Ropetie is a module that can be added to any system to multiply the power by a factor of 3.

The Ropetie is made of a high strength engineering plastic (carbon and glass filled Nylon 6/6) and is designed to safely sustain high loads.

features:

NO THREADING
ADJUSTABLE
MODULAR LEVERAGE
QUICK-RELEASE
VERSATILITY

specifications:

**MONSTER
Ropetie™**

**MINI
Ropetie™**

size:

5.43"x2.36"x1.50"

safe working load:

500 lbf (2.2 kN)

rope size:

.250"-.431"(6mm-11mm)

size:

3.64"x1.65"x1.00"

safe working load:

250 lbf (1.1 kN)

rope size:

.125"-.250"(3mm - 6mm)

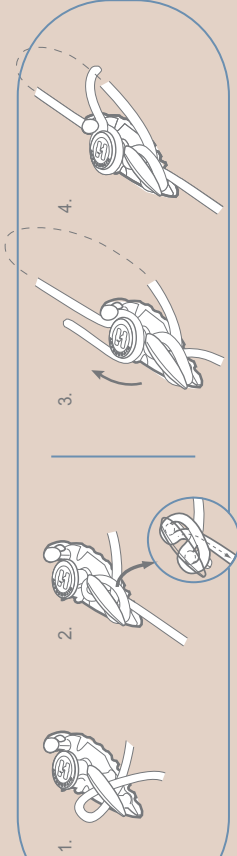

users:

SAILORS
CAMPERS
CLIMBERS
ARBORISTS
TRUCKERS

USE INSTRUCTIONS:

(example of 9x leverage with two Ropeties in tandem)

*recommended to use with any round section rope - best results with double braid cord.
